Vaastu
Corrections without Demolitions

This book is an invaluable asset dealing with structural vaastu defects and energy fields be it a residential, commercial or industrial property or agricultural plot. It teaches one to integrate the virtues, boons and benefits of Vaastu into one's property for that added bliss without, in effect, undertaking any demolitions or restructuring.

The book deals with matters relating to space, land and structure and provides inputs and strategies to overcome their deficiencies. It describes how to synchronise diverse energy fields and to negate the adverse and harmful factors prevalent within a structure.

These wonderful tips and measures, if applied with precision, can be a marvelous aid in casting good influences, providing harmony and palliating spheres of energy for that eternal benediction and all their beatifying advantages. Various remedial aids that are used for mending the defects are: **Feng Shui gadgets, Installing Pyramids, Crystals and ionisers** which are explained in detail to herald joy, happiness and positivity into one's life.

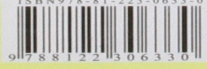

A.R. Hari is an Engineer and has delved deep into the study of Vaastu for more than ten years. He has forayed into all its intricacies and has applied vaastu as a science to various problems getting fruitful results and successes. He has shared his experiences and knowledge of Vaastu in this book and projected all its modalities and practices in a scientific manner. His subject and specialization has been to infuse the Science of Vaastu and get its benefits without making any structural changes.

His real life case studies and dedicated efforts towards this end reflect profoundly in the text which is enriching with realistic and economical solutions which one can implement by oneself, as no further external consultation would be required thereafter.
